

U.S. out of Afghanistan now!

On October 7 begins the ninth year of U.S.-sponsored war and ruin for the Afghan people. The Obama/NATO escalation has only escalated this great crime, while generals and government officials talk of sending still more troops, and of being in Afghanistan for many years, if not decades.

We say no! With tens of thousands of innocent Afghans already dead, no more! With nearly 1300 U.S.-NATO soldiers already dead, no more! Step up work to build the anti-war movement!

Demonstrate Saturday, October 17

Meet: 1:00 p.m. at Seattle Central Community College (Broadway & Pine).

March through south Capitol Hill, the International District, and up 1st Ave. End at Westlake Center (4th & Pine).
